HOW TO ADD KURURIN IN SHIMEJI LIST:

Download shimeju from here→http://kilkakon.com/shimeji
You can find detailed tutorials there, also FAQs on their official youtube channel.
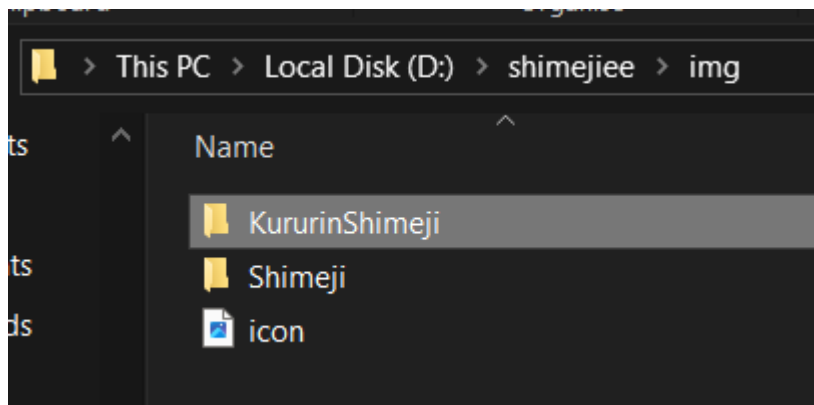

Put **"KururinShimeji"** floder to **\shimejiee\img**
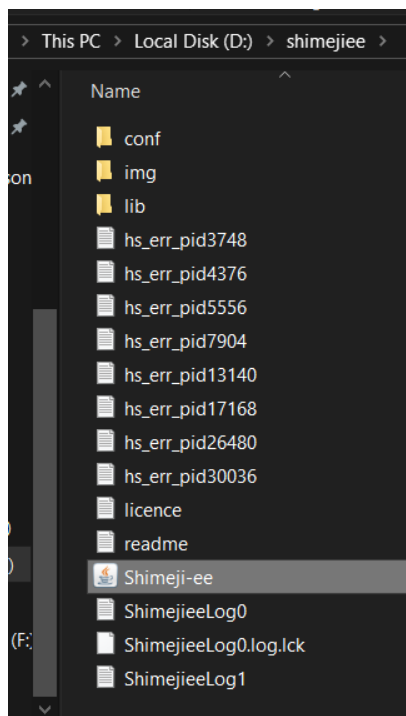

Open **"Shimeji-ee"**.

Right click the tiny icon🖳, then click "Choose Shimeji", you can see "KururinShimeji" in the chooser list, click "Use Selected" after checked KururinShimeji.

Good luck!
